NUMBER 9

Spring Chautauqua Each Year Is Assured

The Washington Township Chautauqua is now a certainty. No trouble was experienced in securing a goodly number of signers to a contract guaranteeing that 400 season tickets would be sold, and J. H. Hurd of the Ellison-White Chautauqua Circuit is now in Portland, Ore., with his contract and Washington Township has placed itself in line with progressive communities that are taking advantage of this great educational opportunity.

Representative citizens from all parts of the Township affixed their signatures to the document and on every hand the sentiment was expressed that this was the time the whole township should become a solid unit in making this Chautauqua a huge success and that it would probably be the start of a movement to bring the Township together in promoting its own welfare.

The movement will receive a great impetus from Dr. Dias, one of the lecturers, who will come here with the Chautauqua. This gentleman has made a life study of community development work and after spending a day or more looking over this section, he will then proceed to tell what has been done in communities similar to this one and his advice if followed out should prove extremely valuable.

Victor Murdock, a speaker of international fame and a former member of the official family of the President of the United States will also pay us a visit and in view of the unsettled conditions throughout the world his talk should be of deepest interest to everyone.

The entire program has been laid out as yet, but the season ticket borne by the Ellison-White Circuit is sufficient to guarantee that the numbers will excel anything ever seen or heard in this section of the country.

CHRISTIAN ENDEAVORS HOLD FIRST SOCIAL

The first of the semi-monthly business meetings and socials of the newly organized Christian Endeavor Society was held last night at the Congregational Church.

The youngsters set an example worthy of the attention of other organizations in Niles by transacting their business in record time.

Following the business meeting, games were played and the young folks amused themselves in various ways. Refreshments supplied by several ladies disappeared as if by magic and on departing the youngsters all wanted to know the date of the next meeting.

Ladies Aid Of Newark Meets

The Ladies Aid Society of the Newark Presbyterian Church gave a charming "Autumn Social" in the church Wednesday afternoon which was greatly enjoyed by present.

The Church was beautifully decorated with autumn leaves and chrysanthemums and the menu for the dainty luncheon were written on imitation autumn leaves.

A splendid program was given consisting of vocal and instrumental selections by grown ups and a number of songs and recitations by the little ones.

After the program a number of small articles donated for the purpose were sold by the ladies and a tidy sum was realized to swell the treasury of the Ladies Aid.

Annual Meeting of Congregationalist

The annual meeting of the members of the Niles Congregational Church was held in the Church Thursday night with about 50 members and visitors in attendance.

The meeting was preceeded with a dinner prepared and served by the ladies guild.

Following the reports of officers and committees an election was held and officers for the ensuing year elected.

The clerks report showed that there had been a gain of eleven members in the past year.

Whist Party at Country Club

The handsome home of the County Club was the scene of a merry gathering last Saturday night when more than one hundred guests were entertained at cards.

From all points in the township, the visitors came and had the whist tournament not been scheduled the evening would still have been a very enjoyable one from a social point of view.

During the game delicious fruit punch was served by the ladies and when the cards were laid away a tasty repast was spread before the guests.

The two ladies and gentlemen scoring the highest points were awarded beautiful framed pictures of beauty spots at the Exposition grounds while those making the lowest score won "booby" prizes.

INDIAN GRAVEYARD IS RESTORED FROM DECAY

A memorial stone and a wall of protection have been erected by public residents of Mission San Jose, in honor of a tribe of Indians, the Ohlones, said to be the first residents of this place. The old grave yard has laid undecorated and almost forgotten for many years. Recently steps were taken to restore the old mission, and the grave yard and other historical associations of the place will likewise be cared for.

SUNDAY SERVICES

Sunday—Mass at 8 a. m. and 10:50 a. m. Benediction and sermon at 7:30 p. m.

Head 'Em Off And You Won't Have to Swat 'Em

M. R. FLY, undesirable citizen, official distributor of typhoid, cholera infantum, dysentery, tuberculosis, spinal meningitis, is having the fight of his life in Cleveland. The city has gone "Swat the fly!" one better and carried through an early spring "Head 'em off!" campaign, with results that are nothing less than sensational.

Cleveland has already been proclaimed a "flyless city." It is hardly that yet. But thousands of householders have found it possible to dispense entirely with screens at doors and windows, and a lone fly creates more excitement now than a swarm of flies would have done a few years ago. In a recent inspection of the city markets, where quantities of meat and provisions are exposed, only two flies were found. Years ago there were myriads.

The "Head 'em off!" campaign was tried two years ago, with such good effect that last year, with improved methods and a notable marshaling of forces, the war was a still greater success.

MRS. SHEEHAN RECEIVES GIFTS

Odd Fellows Hall echoed with sounds of revelry Wednesday night when the members of Hazel Circle Women of the Woodcraft gave a shower to the latest Niles bride, Mrs. Edna Bliss (Sheehan).

Mrs. Sheehan was taken completely by surprise when after the business meeting was concluded the doors were thrown open to a number of guests and a peek in the banquet room revealed a long table set with good things.

Willing hands carried a clothes basket which was piled high with bundles, to the center of the room and the bride and groom set about their pleasant task of opening the many bundles. In the center of a ring of well-wishers.

The bundles contained many beautiful and useful presents and after the last package had been opened, Mrs. Sheehan made a charming little talk thanking the donors for their gifts.

The couple were married Thursday, Oct. 21, 1915, by the Rev. Father Leal.

H. G. STRATTON BUYS LAUNDRY

The announcement made last Tuesday that the Interurban Laundry at Stratton, proprietor of Darrow's Bakery, was received with no little surprise by the many friends made by Mr. Stratton since his arrival in Niles.

Mr. Stratton will personally manage the laundry, his place in the bakery being thoroughly overhauled, new parts are being installed and when the work is completed early next week, Niles will be able to boast of as completely an equipped laundry as can be found anywhere.

Mr. Stratton intends to only employ in the laundry those who thoroughly understand this business and says that as there is no reason why his establishment cannot do as fine work as any laundry in the country, he intends to see that a high standard is set.

"Satisfied customers," said Mr. Stratton, "are the best advertisements a man can have, and I am going to make every patron of mine, a booster."

THE NEWS OF THE WEEK AS TOLD AROUND TOWN

Mrs. C. B. Overacker is visiting friends in San Francisco this week.

Mr. H. E. Morehead of Lodi visited Mr. and Mrs. F. V. Jones this week.

Ed Rose had his name on the sick list for a couple of days this week.

Mr. and Mrs. Atzeroth of San Francisco visited over the week-end with their daughter Mrs. J. J. Alberg.

Mrs. Thla S. Evans, a well known Oakland music teacher spent Sunday

Mrs. A. Griffiths of Berkeley came up to the week end with her sister, Mrs. Fern Green.

Mr. Charles H. Shinn of North Fork Madera Co., paid his sister Millicent a short visit on Sunday last.

Mrs. G. E. Mayhew of Berkeley has been spending the past week as the guest of Mrs. E. P. Mayhew and Mrs. Henry Tyson.

A very light vote was cast at the

Chas. Tringham is confined to his home with a severe attack of La Grippe.

Mrs. J. Dassel was the guest during the week of Mrs. J. Gassoway of Oakland.

Mrs. B. Abernathy of Berkeley is spending a week or more with Mrs. Thane.

Mr. and Mrs. Lester Duffy have rented the Duarte cottage recently purchased of Miss DeCora and will take possession Nov. 1st.

Don't forget the big masque ball to be given tonight by the Native Daughters in Connor's Hall. Prizes will be given for the best sustained characters.

Capt. Freeman, Chief of the Inter-tulu, was a guest this week at the Island Steamship company of Hono-Craft home.

Mrs. Montrose of Berkeley was a recent visitor at the home of Mr. and Mrs. H. E. Mosher.

The Country Club will hold its regular meeting at the Club House in Centerville next Tuesday. Numbers on the program are Historic Value of the State and Foreign buildings at the Exposition, by Mrs. Schofield and the Opportunity of Women in regard to Public Health, Miss Ethel Anderson.

Mr. Andrew Kell is seriously ill. The attending physician expresses grave doubts as to his recovery.

Mrs. Richard Rowe of Oakland returned home Thursday after a weeks visit with her mother Mrs. Kalaenr Clarke in the canyon.

Mrs. Olive Dillard of Elmhurst with her little daughter is spending some time with her mother Mrs. J. Dassel.

Fire Destroys Fruit Sheds

Fire originating from some unknown cause destroyed the fruit sheds on Cherry Lane belonging to Antone Garcia shortly after midnight last Saturday night.

The sheds containing about 25 tons of dried fruit including French prunes, silver prunes and apricots all of which were lost.

A bucket brigade was formed to fight the fire but owing to the heat were unable to do much.

It is believed that the fire was of incendiary origin but as yet no clues have been found as to who might have committed the crime.

YOUNG MAN HURT IN MYSTERIOUS MANNER

Mr. C. Thompson, living on the Niles-Centerville road was badly injured on Tuesday evening as he was returning to his home on his wheel. He was picked up unconscious by passers-by and taken to his home, where he regained consciousness but can not explain how the accident happened. He received a severe bruise across his face and eyes in his fall. His wheel was uninjured in the accident.

BRIDGE CLUB MEETS

The Niles Bridge Club met with Mrs. Fern Green last Tuesday, being first entertained at luncheon where all the appointments of one table were in keeping with the Halloween spirit. After a merry social hour, cards followed until four o'clock, Mrs. Elvin Meyer making the highest score for the afternoon. Mrs. A. Griffiths and Mrs. G. E. Mayhew of Berkeley were guests of the Club for the day. The next meeting will follow on the second

Newark

Dr. and Mrs. Curry returned Monday from a visit to San Diego.

Mrs. Geo. Grey and little daughter have returned from a visit at Berkeley.

Mrs. J. W. Hafner returned the first of the week from a short visit in San Francisco.

Mrs. W. F. Smith is entertaining her nephew from St. Louis.

A little daughter arrived at the Wm. Bragg home this week.

Mrs. Lazarini is visiting with her sister, Mrs. W. B. Hyer at Hayward.

Elmer Lovejoy of San Jose is putting some repairs on the Lovejoy property.

Henry Long, who recently accepted a position with the Jas. Graham foundry has brought his wife to Newark from the Middle West.

The Ladies Aid spent Thursday afternoon at the home of Mrs. J. P. Steinhoff near Mowery's.

J. H. Williams, a former employee of the Foundry left Monday for his home in Pueblo, Colo.

Mrs. Ed Dehaney left Monday for the East. She will visit with her brother, John Roach.

Joe Lima, a former resident of Newark, has returned here and has accepted a position in the foundry.

Mr. Banker, principal of the local school took a number of his pupils to the Fair yesterday. Mr. J. E. Dowling turned the proceeds of one night at the picture show into a fund to assist in taking the youngsters.

Miss Mary Andrade was quietly married to Mr. Texera in Oakland Saturday. The happy couple are occupying the Connors house.

An alarm of fire startled the residents of Newark Monday when a shed belonging to Joe Soito and filled with hay was destroyed.

The fire was started by a little tot playing with matches.

Mrs. H. E. Lowler and daughter Mabel contemplate a visit to Keokuk, Iowa, in the near future.

"1000 Club" Has Created Much Interest

The announcement made last week by the Press of its intention to start a "1000 Club" has been warmly received in all parts of the township as a large number of applications have been received for membership in the club.

For the benefit of those who fear that there might be some difficulty in securing subscribers the management of "The Press" wishes to state that between the 15th day of Sept and the 23rd day of October, 31 new subscribers asked to have "The Press" sent to them. These subscriptions were entirely unsolicited.

People like to know what is going on in a community and when there is but one paper giving news of that community, if a person is not already a subscriber, a simple request in all that is necessary to get him to sign up.

We can't get out ourselves and talk to very many people in the course of a month and publish a paper as well so we must hire someone to do this for us.

We believe in trading at home and so we don't want to bring in an outside solicitor but prefer to pay the money to the young men and women of this community. And in order to create a spirit of rivalry between them and thereby cause them to do their best, we are offering a number of prizes as well.

If you have not already joined the club send in your application today and start out Monday with the resolve to win one of the prizes.

We are going to get that "1000" and you may as well have your share of the profits.

DEMENTED WOMAN FOUND IN CANYON

Jenny Lee a woman about 30 years of age was found wandering about

day morning in an apparently demented condition by Constable Rose.

When questioned she stated that she was from Tennessee and gave the impression that she had walked a great part of the way. She claimed to be on her way to Sacramento.

She had a slip of paper in her purse stating that she was subject to occasional spells of this sort and that she would be all right in a short while.

Constable Rose took her to the County Hospital where she was placed under observation.

Wm. Richards Dies Suddenly

The sudden death last Sunday morning of Wm. Richards a young man well known throughout the township, came as a great shock to all who knew him for on Saturday he was about the streets of Niles, seemingly in fairly good health.

He was working in Darrow's Bakery Saturday and late in the afternoon complained of feeling badly so was permitted to go home.

About midnight he came down town and went in the Wesley Hotel where his condition attracted so much notice that Dr. McKowan was called. The doctor immediately rushed him to the hospital where he passed away shortly after being received.

The deceased was 31 years of age and was a native of Niles.

The funeral was held Tuesday. Rev. T. V. Jones officiating. Interment was in Irvington cemetery.

The Time to Swat the Fly Is Now

DURING a few warm days any rubbish heap in or out of the dwelling becomes a hatchery for myriads of young flies not only to be condemned as a nuisance, but exterminated utterly, if possible, when we consider that they may and often do carry into the household the disease germs of infantile paralysis and typhoid fever and no food in the house is safe from their attack.

Will Attempt to Bring the Dead to Life

Rumor has it that Will Jefferis is again attempting to secure signers to a petition for the recall of Messrs Patterson, Shinn and Stevenson from the Board of Directors of the Alameda County Water District. You will notice we said "attempting."

TRIAL SET FOR JAN. 17

The trial of the injunction suit of the Alameda County Water District against the Spring Valley Water company to restrain it from impounding the flood waters of the Alameda creek has been set for Jan. 17. The directors of the District have been anxious to secure an earlier date but the crowded condition of the calendar and the fact that the case will consume considerable time has made it apparently necessary to put off the date of the trial to the time set.

SUPERVISOR MURPHY RIGHT

Supervisor Murphy's determined stand against the purchase of the new county courthouse site in Oakland will meet with hearty approval in this part of the county. The expenditure of nearly a half million dollars for a new site and the probable expenditure of a million or so more for a new building should not be incurred without a vote of the people. The present time with its dull business situation and extremely high tax rate in the city of Oakland seems especially inopportune to undertake this entirely unnecessary expense. Oakland especially is already saddled with several extravagant municipal monuments far in excess of her present needs. That city has surely gone the limit in bonding for new buildings. The people want a rest. There is such a thing as too much of a good thing. One of the advocates of the measure spoke of the advantage of maintaining a "good front". It seems to us that Oakland is afflicted that way. Her municipal expenditures seem to be based on the theory that if there are plenty of showy public buildings the city will be prosperous.

The fact remains however that whether a community is large or small it is prosperous only to the extent that its people are profitably employed. What Oakland needs just now is more commerce and more manufacturing. She also needs a lower tax rate.

So far as the country end of the county is concerned it matters but little to us where a new court house is located in Oakland, but little to us where a new court house is located in Oakland.

past year has not been a most prosperous one and our people are in no mood to vote for a proposition that can very comfortably wait until business conditions in the county have improved. Besides a project of such magnitude should not be rushed through without even consulting the wishes of the people. We trust that the referendum will be invoked on the scheme. If it is it will be laid to rest until a more propitious time.

THE LIVE TOWN

It is the business of a commercial club to develop life and organized activity in the community, to create cooperative intentions, to start something. People of a town and its surrounding country like to have something going on. It is good advertising for any town, large or small, to keep something happening to bring in people, and it is a mistake for any civic organization to confine its work to the strictly utilitarian.—From the Retail Druggist.

The above clipping was read by President Sneden before the Chamber of Commerce last week and is certainly appropos of the efforts made by certain members of this body to bring the Ellison-White Chautauqua to Washington Township next spring.

A Chautauqua of the sort that will pay us a six day visit next May, is one of the greatest factors for the development of a community that can be brought into a section and it is very encouraging to note that all those who bear the reputation of being "Boosters" for their township were enthusiastically for it, while those who are noted for their narrowness dug up their little hammers and got busy.

C. R. E.

Breathes there a man with soul so dead,
Who never to himself has said,
I'll pay before I go to bed
The bill I owe the printer.
There are some that we know full well
Who never such a tale can tell,
We fear that they will go to — well,
The place there is no winter.

The Adventures of John and Mary

PART 2

A seven years' residence in Ruralville had endeared the little town greatly in the hearts of John and Mary, and having been taught by experience the necessity of trading at home they gradually became more and more interested in the development of the town in which they lived.

A steady worker was John and his wife was a thrifty woman so the bank account which regularly received its portion of the weekly wage, had now grown until it passed the thousand dollar mark and John was anxious to put it to work to earn more than the interest paid by the bank.

Investing in real estate was though of, but John had a longing to cease being a wage earner and so looked about for an opportunity to invest his savings so that he would not only help him to earn more money, but would benefit the community as well.

Ruralville had no laundry. Twice each week a machine would bust into town from a city twenty miles away and would depart loaded with bundles.

John noting this fact believed he saw an opportunity, and his own finances being too limited to establish a laundry he wrote to a friend in another part of the state and induced him to come to Ruralville and size up the situation.

The result was that the friend agreed to invest his savings along with John's one thousand and so the "Ruralville Steam Laundry" came into existence.

A two thousand dollar payment was made on machinery and one thousand kept for running expenses. An experienced washer was employed and brought into town along with his family. An engineer was hired to attend to the machinery, and employment was given to several girls, about the establishment.

John, on account of his acquaintance with the townspeople, agreed to handle the outside work while his partner acted as office man.

Business, the first week, was not as brisk as had been expected. People gave one excuse or another for continuing to patronize the city laundry. Promises were freely made however, that future patronage could be expected from them so John and his partner cheerfully made up a loss out of their pockets.

The following weeks were little better and persistent plugging by John failed to overcome the balance which showed each Saturday night on the wrong side of the ledger and the reserve fund of the laundry was being depleted rapidly.

The butcher who secured four new customers when the laundry was established continued to send his aprons to the city to be washed.

The barber, too, although he was freely patronized by the employees and proprietors of the new establishment gave his towels and hair cloths to the city laundry and to cap the climax the out of town laundry started to give tickets, good for a near-china plate (when you got enough of them) and so won a number of the scanty list of customers of the home laundry away from them.

Their money all gone, the Ruralville Steam Laundry was offered for sale and an attempt was made to cut down the working force.

on the machinery and when a relative of the machinery company called and saw the hopelessness of the situation he foreclosed his mortgage and The Ruralville Steam Laundry was a thing of the past.

And John's friend departed heaping maledictions on the town. Cause:—Lack of interest in Ruralville enterprise by residents of the town.

Result:—A business lost to the town. A building vacated. Three industrious workmen and their families moved away. A number of local people thrown out of employment.

And the Ruralville people are now saying "My, but things are slow here."

John's friend in a letter written a short time after said: "If I were you I wouldn't spend a nickel in that blamed town that I could spend anywhere else," but John sagely answered him, "The dollar I spend out of town I will never see again, but the dollars I spend here will come back again in my pocket someday."

JOIN THE 1,000 CLUB

OUR MOTTO

"1000 CIRCULATION BY CHRISTMAS"

Earn your Christmas money easily and quickly and also a valuable prize.

Not A Contest

This is not a voting Contest, for every Member of the Club will be **WELL PAID** for every Subscription brought in as well as having an opportunity to win one of the prizes mentioned below.

— The Reason Why —

THE WASHINGTON PRESS believes that there are several thousand homes in Washington Township that desire to know what is going on in this Township. **THE WASHINGTON PRESS** is the **ONLY PAPER** giving that news. **THE WASHINGTON PRESS** is now a four page paper and the management realizes that a four page paper is inadequate to carry the news of this large Township written up as it should be. Therefore the management wishes to publish a **SIX OR EIGHT PAGE PAPER** but the present Circulation will not justify us in doing this. **1,000 CIRCULATION** will allow us to publish a paper large enough to carry the news in full detail - therefore we are going to get that **1,000**—and we will pay you well to help us, and make the following prize offers as well:

Club Starts on November 1, 1915

To the Club Member bringing in the largest number of Subscribers between Nov. 1st and Dec. 19 th \$25.00 Cash

To the club member making the largest gain over our present Subscription list in any one of the six districts will be given a \$100 Scholarship, any course, in the International Correspondence Schools.

To the person turning in the largest number of Subscribers in his or her district will be given a genuine Waltham Watch.

Remember you will be well paid for every Subscription turned in.

Fill out the blank printed on another page and mail **TODAY** or better yet, call in and ask for particulars from the manager of, The Washington Press.

Autos May Help Spread Typhoid

The automobile may be a factor in the transmission of typhoid fever, according to the California State Board of Health. During a single month of the past summer, 2,610 motor cars passed the use of the automobile by camping par-

Since a camp-site near a running stream is nearly always selected, the question of whether or not these

campers de luxe observe ordinary rules of sanitation, is of considerable importance. Unless care in preventing the pollution of streams is observed, and unless all refuse is either burned or buried, such a camping spot may become a source of disease dissemination.

Every physician in a large city knows that cases of typhoid fever in persons who have but recently returned from summer vacations, appear regularly every year and it is always a difficult matter to trace the source of infection in these cases, particularly if the patient's travels have been at all extensive.

The State Board of Health warns automobile campers, as well as all campers, to exercise care in sanitation, always to leave camps as one would desire to find them, never to drink water, without boiling, from a running stream, unless sure that it is not contaminated, and to co-operate in every possible way in keeping clean the wonderful playgrounds of California.

NOTICE OF HEARING OF PETITION

For Addition of a Certain Portion of Alameda County to the Alameda County Water District.

Notice is hereby given that a petition for the addition of a certain portion of Alameda County to the Alameda County Water District, situate in Alameda County, State of California, has been signed by the necessary number of registered voters within said portion of Alameda County proposed to be added to said Water District, and that said petition will be presented to the Board of Directors of said Water District at the regular meeting of said Board, on Saturday, the 13th day of November, 1915, at the regular place of meeting of said Board in Stevenson's Hall, Centerville, said county, at three o'clock P. M. of said day, or as soon thereafter as the matter may be heard, and that at said time and place, said petition will be considered, and all persons interested therein may then appear and be heard.

The number of signers of said petition is 38, and the text of the said petition, with the names of five of the persons signing the same, is as follows:

PETITION

For the Addition of a Certain Portion of Alameda County to the Alameda County Water District.

To the Honorable the Board of Directors of the Alameda County Water District, State of California: The undersigned, all of whom are qualified electors of the County of Alameda, State of California, residing within the boundaries of that portion of Alameda County proposed to be added to the Alameda County Water District, as hereinafter described, do hereby represent to and petition your Honorable Board as follows, to-wit:

That your petitioners desire the addition to the said Alameda County Water District of all that portion of said county, situate, lying and being within the following described boundaries, which are the proposed boundaries of the portion of said county proposed to be added to said District, to-wit:

Commencing at a point on the Western line of the Right of Way of the Central Pacific Railway's main line leading from Niles to Hayward, in Alameda County, California, where said Western line is intersected by the center line of County Road Survey No. 556, as said center line of said Survey No. 556 is shown in the notes of said Survey and filed in the County Surveyor's Office of Alameda County, California, at page 329 of Volume No. 2 of Survey Records; said center line of said Survey No. 556 being also a Northern boundary of the Alameda

County Water District as said District is described in an Order of the Board of Supervisors of Alameda County, State of California, and entered in said Board of Supervisors' Minutes on the 25th day of November, 1913; thence running from said point of commencement North 42 degrees 11 minutes West, and along the Western boundary of the Right of Way of the Central Pacific Railway herein before mentioned, (as said boundary is described in those certain next herein referred to instruments, viz: F. William Meyer to Western Pacific Railroad Company, dated July 16th, 1869, and recorded July 17th, 1869, in Book 41 of Deeds at page 414; George Emerson to Western Pacific Railroad Company, dated July 3rd, 1869, and recorded July 17th, 1869, in Book 41 of Deeds at page 410; Christopher Griswold to Western Pacific Railroad Company, dated August 2nd, 1869, and recorded October 12th, 1869, in Book 49 of Deeds at page 132; Andrew Patterson to Western Pacific Railroad Company, dated June 30th, 1869, and recorded July 17th, 1869, in Book 41 of Deeds at page 411; Cornelius Mohr to Western Pacific Railroad Company, dated July 2nd, 1869, and recorded July 17th, 1869, in Book 41 of Deeds at page 407; Andrew Himmelmann to Western Pacific Railroad Company, dated December 2nd, 1870, and recorded May 25th, 1914, in Book 2247 of Deeds, at page 347; the six deeds last above referred to and the records thereof are all severally and singly parts of the records of the Office of the County Recorder of Alameda County, State of California;) to a point in the Eastern line of County Road Survey No. 314, as said Survey is shown in the notes on file in the office of the County Surveyor of Alameda County, California, in Volume No. 2 of Survey Records, at page 75; thence following the Eastern line of said Survey No. 314, South 43-4 degrees West 53.20 chains more or less, to the point of intersection of said line with a boundary line of that certain parcel of land containing 334.93 acres as said parcel of land is described in that certain indenture made November 22nd, 1871, between Henry C. Hyde and Herman Haderl assignees in bankruptcy of Henry D. Ellerhorst and A. C. Teftman voluntary bankrupts, parties of the first part, and Andrew Himmelmann, party of the second part, and recorded May 15th, 1872, in Book of Deeds No. 78, at page 446, Alameda County Records; said boundary line of said parcel of land being that described in said indenture as the Southern line of the lands of Kompf and of Gay; thence along said last mentioned line South 83 degrees 55 minutes West, 39.80 chains to the Southwest corner of the lands of Kompf as said corner is described in said indenture, said corner being also the Southeast corner of the land of Hess; thence along the South line of the land of Hess, North 38 degrees 20 minutes West, 8.50 chains to the Northeast corner of a certain parcel of land containing 381.54 acres as said parcel of land is described in that certain indenture last hereinabove referred to; thence along the Northern boundary of said last mentioned parcel of land, North 88 degrees 20 minutes West, 46.58 chains to the Northwest corner thereof and a point on the Eastern

line of Hiffner; thence along the Eastern line of Hiffner as described in said indenture, South 0 degrees 30 minutes East 4.76 chains to the point of intersection of said line with the boundary line of the Rancho Arroyo de la Alameda, as said boundary line of said Rancho is shown on that certain plat entitled "Plat of the Rancho Arroyo de la Alameda finally confirmed to Jose de Jesus Vallejo", etc., and recorded May 5th, 1858, in Book A of Patents, at page 70, Alameda County Records; said point of intersection is on survey line numbered 115 of said Rancho and is distant 2.35 chains from the point of intersection of the survey lines numbered 115 and 116 of said Rancho, as said lines are shown on the plat last herein referred to; thence along the boundary of said Rancho Arroyo de la Alameda as said boundary is shown on the plat of said Rancho last herein referred to, North 77 degrees West, 21.75 chains, West 59.00 chains, North 59 1-4 degrees West 85.00 chains, North 85 1-4 degrees West 27.00 chains, South 67 1-2 degrees West, 23.50 chains, North 75 1-4 degrees West 5.00 chains, North 10 1-4 degrees East 46.50 chains, North 64 1-4 degrees West 35.00 chains, North 4 3-4 degrees West, 35.00 chains to Station No. 3 J. V. of the survey of said Rancho, said Station No. 3 J. V. being also the Southwest corner of the De Soto Rancho as the survey of said Rancho is shown on that certain plat entitled "Plat of the Southern Portion of the De Soto Rancho as subdivided by W. F. Boardman, J. A. Mayhew, and R. S. Farley Commissioners appointed by the Judge of the Court of the Third Judicial District of the County of Alameda, to partition the same", and recorded October 27th, 1886, in Liber K of Deeds, at page 11, Alameda County Records; thence following the Western boundary of said last mentioned Rancho, North 41 degrees 20 minutes West 28.31 chains, North 32 degrees 20 minutes West to the intersection with a Southern boundary of Swamp and Overflowed Land Survey No. 236, of Alameda County, California; thence West along a boundary of said Swamp and Overflowed Land Survey No. 236, 19.40 chains to a corner of Swamp and Overflowed Land Survey No. 210, of Alameda County, California; thence following the boundaries of said Survey No. 210, North 20.00 chains, West 32.50 chains to the Northwest corner of said Survey No. 210; thence continuing along the boundaries of said Survey No. 210, South 12 degrees East 20.45 chains, South 45 degrees West, 11.45 chains, South 21 3-4 degrees East 14.00 chains to the Southwest corner of said Survey No. 210 and the Northwest corner of Swamp and Overflowed Land Survey No. 235, of Alameda County, California; thence along the Western boundary of said Survey No. 235, South 1 degree West 60.00 chains to the Northwest corner of Salt Marsh and Tide Lands Survey No. 68, of Alameda County, California; thence along the Western boundary of said Survey No. 68, South 21 degrees East 20.85 chains to the Northwest corner of Swamp and Overflowed Lands Survey No. 245, of Alameda County, California; thence along the Western boundary of said Survey No. 245, South 10 1-4 degrees East 40.80 chains to the Northwest corner of Swamp and Overflowed Lands Survey No. 243, of Alameda County, California; thence along the Western boundary of said Survey No. 243, South 10 3-4 degrees East 28.00 chains to the Northwest corner of Swamp and Overflowed Lands Survey No. 244, of Alameda County, California; thence along the Western boundary of said Survey No. 244, South 10 3-4 degrees East 8.25 chains, South 23 degrees East 20.10 chains, South 32 degrees East 13.00 chains, South 74 degrees East 8.20 chains, to a point on the Northern boundary of Tide Lands Survey No. 101 of Alameda County, California; thence along the boundaries of said Survey No. 101, West 34.00 chains to the Northwest corner thereof; thence South 40.00 chains to the Southwest corner thereof; thence East to a point on the Southern boundary of said Survey No. 101 which is due North from the most westerly corner of the Alameda County Water District herein first referred to; thence due South to the most westerly corner of said Alameda County Water District; thence along the Northern boundary of said Alameda County Water District to the most westerly corner of Lot No. 4 of the Baker Tract, as said Lot No. 4 is delineated and so designated upon that certain map entitled "Map of the Baker Tract near Alvarado, Alameda Co., California" and filed in the office of the Recorder of Alameda County, California, May 4th, 1895, in Map Book No. 17 at page 66; thence in a Northwesterly direction and following the boundaries of the said Alameda County Water District to the center line of County Road Survey No. 556 hereinbefore mentioned; thence along the center line of said Survey No. 556 and continuing along the Western corner of the Alameda County Water District, Southeast, Northwesterly, and Easterly, to the point of commencement.

That all of the undersigned subscribers to this petition are qualified electors of the County of Alameda, State of California, duly registered as such within the boundaries hereinbefore set forth.

Wherefore your petitioners pray that said portion of said County be added to said District with the above described boundaries, in conformity with that certain Act of the Legislature of the State of California, entitled "An act to provide for the incorporation and organization and management of county water districts, and to provide for the acquisition of water rights or construction thereby of water-works, and for the acquisition of all property necessary therefor, and also to provide for the distribution and sale of water by said districts," approved June 10, 1913, and designated as Chapter 592 of the Chaptered Laws of 1913, and acts amendatory thereof, and that all proceedings necessary for the purpose of adding said territory to said District be had and taken by your Board in conformity with said act.

"Out of a Job"

You don't have to be everlastingly watching the "want" columns if you have the knowledge that not only puts you in a good position, but that also keeps you there at a steadily increasing salary.

It's not a question of being a walking encyclopedia, but of having the sound, practical training that makes you an expert at your chosen calling—that brings you a good salary year in and year out—that puts you first on the promotion list and last on the "laid-off list"—that keeps your position safe and sound while other chaps are going the rounds looking for work.

The International Correspondence Schools, of Scranton, deal in training for higher salaries. The I. C. S. comes right to your home and makes you an expert—whether you're sixteen or sixty—whether you live one or one thousand miles away—whether you're an outside or an inside man. Does it in your spare time, without requiring you to buy a single book. To learn how the I. C. S. can help you, mark the attached coupon and mail it today. No charge for the information and advice it brings.

A Good Position and More Money

Not a dollar or two more, but your salary doubled, trebled, quadrupled. That's the kind of success thousands of poorly paid men and women have already won through I. C. S. help. On an average 300 students every month voluntarily report salaries increased and multiplied as the direct result of I. C. S. help.

Mail the coupon NOW.

Get the Fly Swatter
Ready

A COMPUTER assures us that if food and breeding places were provided and enemies evaded the progeny of a single fly in unchecked development through twelve generations may be estimated as making a mass of flies measuring 268,778,105,861 cubic miles, or considerably more than the total size of the earth.

Simple Trap For
Catching the
Disgusting Fly

HOW to proceed against the nasty fly is told in a bulletin issued by the North Carolina state board of health as follows: "Make a box 4 by 2 by 1 1/2 feet. Make the two sides of the box of eighteen mesh wire screen. Make the top, bottom and ends of the box of any wood, preferably white pine. Through the bottom of the box cut three holes about six inches in diameter. Over these holes fasten three cones of the same wire that composes the sides of the box. The opening in the little end of the cones should be about three-fourths of an inch in diameter. Through either the top or one end of the box an opening with a sliding trapdoor should be made for removing the contents of the trap. Tack two strips 18 by 1 1/2 by 1 1/2 inches at the end of the box on the bottom, so that when the box is placed upon a floor or level surface the cone covered openings in the bottom of the box will be about one and a half inches from the surface on which the box is resting."

"You now have one of the very best fly traps that can be made. Place the trap just outside the back door or near the window or door of the house where the flies congregate in largest numbers. Place it close to where the slops are kept. Put sugar, molasses, clabber or, best, when available, fish heads for bait just beneath the bases of the cones. The flies in leaving the bait will fly upward toward the light into the cones and crawl through the small opening into the trap."

Kill the Pesticiferous Fly

It has been definitely proved that the fly carries the hookworm disease, the scourge of the rural south. This is not a theory. He has been caught with thousands of the parasites on his legs. He may alight on your table. KILL HIM!

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a curable disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by P. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. It cures in one to three days. Send for circulars at once. Address: P. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Give Hall's Family Pills for constipation.

Women Tell Why They
Love This Magazine

"From Fashion to Fiction, it is Supreme," writes Mrs. J. H. of New York. "Of all the magazines I have ever taken or read, I like McCall's best." writes Mrs. Y. W. of California. "It has such helpful household suggestions, good, clean, bright, stories, and is a very convenient size to handle." "The second copy I received saved me far more than enough to pay for a year's subscription." writes Mrs. A. J. of Texas. "I cannot tell you all that it means to me," writes a South Carolina subscriber. "I have taken McCall's MAGAZINE since I was married and my mother took it for years before and does now. I go to it for every need. Every new dish I prepare, or 'help' I learn, my husband says: 'You must have gotten that from McCall's,' and he is right. I could not do without it."

A Recognized Fashion Authority for 45 Years
Here subscribers find any other fashion magazine. "I am in my 70th year and still supporting myself," writes Mrs. M. L. J. of Connecticut. "From its dressmaking lessons and its simple and instructive patterns, I have learned to dress my family neatly and stylishly." writes Mrs. S. M. of Kentucky. "Our family has worked for you every year but two since your magazine started," writes Mrs. R. of Nebraska. "I am a dressmaker and never use any other patterns but McCall's, and I never have any trouble in giving perfect satisfaction." writes Mrs. B. of Indiana. "The most reliable book on fashions. Your Fancy Work Department has earned quite a few dollars for me," writes Mrs. C. of Oregon.

EDITORIAL

Next year it will be up to the members of our school to decide whether we play Rugby or American football. Only a few Saturdays remain in this season's football. We ought to take advantage of these to size up the merits of the two games. The game of American football the way it is played now is very different from the way it was played when it was so popular on the coast a few years ago. Critics claim that the changes in the rules have improved the game from the spectators' standpoint.

We have a promising poet among us. It is expected that he will awake some morning and find himself famous.

Don't cry Little Ford. You'll be a jitney some day.

We haven't decided which freshman is the original Simple Simeon.

This is an account of the trip to the Exposition made by the Agriculture class last Friday under the leadership of their teacher, Mr. Havens. It was written in the class hour by Sidney Snow. After returning from the Fair, the class was required to write an account of what they learned. It was not written for the purpose of publication.

We were in the Fair grounds by about nine-thirty. We at once went to the stock exhibit. Thru the request of our teacher, Mr. Havens, we were permitted to get a close view of some beef and dairy stock. We were allowed to feel the skin and hair which aids very much in judging the animal for that is the only way you can tell whether the hair and skin are mellow and loose.

Mr. Curtis, an authority on live stock, gave us a few points on judging cattle.

Two hours were spent judging. After dinner we went into the Carnation milk exhibit which shows a very fine herd of Holstein cows. The dairy barn is as clean and neat as a pin.

Near this exhibit a silo was explained to us. The rest of the afternoon was spent in looking over the many types of cows, including Jerseys, Gernseys, Shorthorns, Herefords, Dutch Belted, Brown Swiss, and others. Of all these the Jerseys are the meanest.

Going from the stock exhibit toward the water-front, there are a number of pens, showing why a pure bred pig or cow is better than a scrub. For instance a pure bred Duroc Jersey pig, at the age of twelve months weighing 275 pounds is worth \$23.40, at the same weight weighing 245 lbs. at the same age, \$20, while a scrub or mixed bred pig, weighing eighty-four pounds at the age of nine months is only worth \$6.93. The same is true of cattle. This shows that it pays to raise pure-bred stock.

OUR CHANCES FOR THE
PENNANT

The question of picking a winner in any championship event is one of the hardest tasks that can be assigned to anyone. Dope can be given, but what does that amount to? How often has a bad loser turned out to be the winner in a great game or race? Football like any sport has its ups and downs, players may have an off-day, the referee may not know the game very well, injuries often weaken the team, and last but not least are the scholarship requirements which keep many players out of the game.

We have been playing for the last two months with always a view in front of us of playing in the Championship game, and bringing back the pennant to school which was lost two years ago. We have now arrived at that point and today we are going to have a chance to realize our desires. We ought to win, we have beaten Richmond before, and I believe that we had a better team and still have. Maybe they have improved but so have we. We have worked hard and practiced faithfully every week, some weeks twice and others three times, but always being willing to follow instructions of our coach.

During the year we have been weakened by injuries, and today, will really be the first time that we can put our full strength on the field. Some of our weakest points at the beginning of the year have turned out to be the strongest. Our backfield which looked woefully weak at the beginning of the season has developed to be one of the best which the school has ever had. Our forwards are a willing bunch, and are continually following the ball and fighting hard every inch of the way. Altho we have no training rules the fellows keep in condition, and so far this year we have not met a team whose conditions was superior to ours.

In all our games we have gone in with the intention of winning, and if we have not won, we have been glad to acknowledge that the only reason we lost was because we met a better team. We did not have to acknowledge that to Richmond when we met them before and I don't think we will today either. We have played football longer than they have and consequently have more knowledge of the game, even if at times we do not show it, and cause spectators to think that we have "ivory domes". Richmond has a heavier team than we have but it did not make a great deal of difference when we met before.

While it is true that Richmond defeated Livermore 6 to 0, where as we only tied Livermore 5 to 5, that does not in any way show the true merits of the two teams. If Richmond had played Livermore at Livermore the score of their game would undoubtedly have been reversed.

Playing away from home will probably hinder us and benefit Richmond but not enough to upset the play of either team so as to make an apparent winner a loser.

NEWS

Tuesday a meeting was held to make arrangements for the usual Thanksgiving dance. The various committees are now hard at work trying to make the dance a success.

Several members of the Faculty and a number of the football team attended the game at California Saturday.

The girls' basketball team is practicing twice a week now preparing for a game in the near future. Coach Spencer says the team is gradually getting in fine condition.

The interclass basketball games commenced Thursday when the Sophomore girls played the Freshmen.

A mouse visited the assembly hall Friday during roll call and caused considerable disturbance.

Freshman—"Why does Hellwig's pampadour stay down so well?"
Bright Physics Student—"Vacuum pressure from the inside."

Coach Havens' Idea of the Game.

"If we could depend on the past showing of the two teams it would be simple enough to pick the winner of the game to-day. Thruout the entire season we have put up a better quality of Rugby, first defeating Richmond on our own field by a score of 12 to 0, at the same time showing a superior knowledge of the game and much better condition. Later on we piled up the enormous score of 30 to 0 on the same team that Richmond only defeated 3 to 0. Partially, however, this is offset by the fact that Richmond defeated Livermore 6 to 0, while the best we could do was to tie them. All we hope for is that the unexpected does not happen, and that the best wins. If we lose to a better team may we be good losers, or on the other hand good winners. Let us keep in mind a clean, fair and square, hard-fought game."

In previous years overconfidence has been the chief cause of our defeat, but this year the boys do not feel that way and have worked as hard at the end of the practice season as at the beginning. A great deal of spirit has been shown by the pupils of the school and everyone has been back of the football team all the year. We undoubtedly receive more support from our faculty in any of our athletics than any school in this section, so with everyone rooting for us, for there will surely be quite a following going along there is no reason why we should not be returned a victor.

"Out of a Job"

You don't have to be everlastingly watching the "want" columns if you have the knowledge that not only puts you in a good position, but that also keeps you there at a steadily increasing salary.

It's not a question of being a walking encyclopedia, but of having the sound, practical training that makes you an expert at your chosen calling—that brings you a good salary year in and year out—that puts you first on the promotion list and last on the "laid-off list"—that keeps your position safe and sound while other chaps are going the rounds looking for work.

The International Correspondence Schools, of Scranton, deal in training for higher salaries. The I. C. S. comes right to your home and makes you an expert—whether you're sixteen or sixty—whether you live one or one thousand miles away—whether you're an outside or an inside man. Does it in your spare time, without requiring you to buy a single book. To learn how the I. C. S. can help you, mark the attached coupon and mail it today. No charge for the information and advice it brings.

A Good Position

The News Throughout the Township

Irvington

Miss Francis Peters spent the week end in San Francisco.

Mr. M. Brewer was an Exposition

visitor over Sunday.

Mr. Floyd Witherly and a party of friends from Redwood City called on his parents in Irvington, Sunday.

Mr. and Mrs. Wm. Blacow of Berkeley spent the week end in town attending to their auction sale which was held Saturday.

The D. A. Robinson family motored

to Palo Alto Wednesday where Miss Ruth Robinson intends making a visit to her cousin Mrs. Dunshee.

Mr. and Mrs. Tierney are visiting the Exposition this week.

Mr. Davie our school principal will move into the Cash house the latter part of the week. The people of Irvington will be glad to welcome Mr. Davie and family to their midst.

Mr. T. Power and a party of friends motored to San Juan Sunday and were shown through the old Mission at that place.

Mr. M. C. Joseph will move into his new house on the Irvington-Warm Springs road this week.

Decoto

A. A. Amaral, the Decoto blacksmith has purchased four lots in the Siem tract adjoining the new brick store now being occupied by J. L. Olson.

The new brick building recently built by Messrs. Olson, Avila and Correa is now being occupied by J. L. Olson. The new building marks a new step in Decoto's history and is bound to lead to other changes in a business way that will place Decoto in the front rank among the towns of the township. The new building is modern in every detail and will afford ample room for the business which has been seriously cramped in its old quarters. Mr. Olson is one of the conservative business men of the township and during the past twelve years has established a good business.

New postoffice boxes of the latest type have been installed and Decoto residents will now enjoy the luxury of lock boxes. The new store building is located on Tenth Avenue which is destined to become the main street of the town. Being situated between the two railroad stations the street will be a two sided street and will give the town an entirely different appearance than it has had in the past.

Miss Mary Barnby, County Librarian

Centerville

Sam Smithson of Oregon is spending the winter with the Bells. He two months and he liked it so well was in California three years ago to he had to come back.

Mrs. Frank Hansen, Mrs. Robert Stewart and her small daughter, all of Alameda, spent Tuesday with Mrs. N. B. Randall.

Mrs. Ed Walker was a most welcome visitor in town Tuesday.

George Joseph, George Lowrie, Manuel Olvera, and Mariam mowry motored to the Calveras dam on Tuesday.

Rev. Rogers and wife are now living in Centerville. Rev. Rogers is pastor of the Presbyterian church. He came out Sunday and heard him preach a guarantee that you will not go to sleep during the services and nothing will be able to keep you none of another Sunday.

The many friends of Miss Mabe. Matheisen were very sorry to hear of her sudden attack of appendicitis but are on the other hand are glad to hear that she is getting along fine and will probably not have to have an operation.

Miss Kate and Maime Littel have returned from a two weeks stay at the Fair. They stopped at the inside Inn.

Friday evening the Episcopal Sunday School entertained a large number of other town girls and boys at a party at Buntings.

The artisans gave a Halloween party on Thursday night.

Mr. and Mrs. L. C. Swain spent Sunday and Monday in Oakland.

Miss Eva Stealey spent the week end in San Francisco.

Walter W. Steel and wife of Sutter Creek spent the week end as guests of Mr. and Mrs. Robert Blacow.

The Young Ladies Sodality of San Leandro will give a play and dance afterwards at the opening of the new Catholic Hall on Saturday evening November 20, 1915. All are invited to attend.

Mrs. Allen entertained the Guild Wednesday. A very pleasant afternoon was spent and a great deal was accomplished.

The young men of Centerville will give a dance tonight. Good music by Ravano's orchestra.

Mary Garcia is spending a two week's vacation in Oakland.

Mr. L. C. Swain entertained Otto Klumpp, manufacturing jeweler on San Francisco on a two days' quiet hunt above Sunol and had good success. Mr. Klumpp got the limit.

A number of the friends of Mr. and Mrs. Robert Anderson gave them a surprise party last Tuesday evening on the eve of their departure for Gal. where they will make their future home.

The affair was given at the home of Miss K. Little and the evening was spent at cards, whist being the game chosen.

Mrs. Frank Hurd was the winner among the ladies and A. J. Biddle proved the best gentleman player.

The prizes were supplied by the bachelors present and were unique to say the least.

Mr. F. J. Hawes was the speaker of the evening and also proved himself a great favorite among the ladies.

The schools will close all day Tuesday on account of "San Francisco Day" a legal holiday.

The regular meeting of the Centerville Chamber of Commerce will be held Monday night in Stevenson's Hall. All members are urged to be present.

The bridges between Centerville and Alvarado have been completed and are now open to travel. The asphaltic surfacing is to be placed on them today.

The main road between Centerville and Irvington is having a new lot of gravel spread on it under the direction of Road Foreman J. J. Santos.

On account of "San Francisco Day" Centerville stores will close Tuesday.

Ian, was in Decoto Wednesday and changed somewhat the hours of the Decoto Branch Library. In order to accommodate the people who work in the Essex Lumber Co's. plant the library will be open during the noon hour and the opening hour in the afternoon will be changed to 3 p. m. instead of 2 p. m. The other hours will remain the same as heretofore.

The Decoto Ladies Guild had a very enjoyable meeting Wednesday with a number of the ladies of the Alvarado Guild as their guests.

Mr. T. J. Silva of San Francisco is shipping rhubarb from the Frank Brown place at Newark. This is a new departure for this season of the year.

Miss Nancy McKeown of Alvarado took a party of Eastern Star friends to Oakland last Thursday to attend a meeting of Oakland Chapter. Those in the party were Mrs. H. C. Searles, Mrs. Henry May, Mrs. A. T. Biddle, Mrs. B. Brown.

By EDWARD W. FRIES, Sporting Editor

In what was supposed to have been a baseball game last Sunday the local Indians overwhelmed the Olympic Club by the score of 20 to 1. It was one other than a merry-go-round to the home team, with the visitors displaying the finest exhibition of how to play the national pastime ever witnessed in Washington Township. Dolan was again in grand form, allowing but two measly stinky binges, one an infield scratch hit, while the local batters fattened up pounding at 19 hits mixing in a few doubles and triples also a home run by Perry. Dolan scored 7 runs in the first inning, which they sent the entire line-up to bat, Esola bating twice, and scored 3 more times in the next 2 innings, and hereafter it was a question of how many runs the Indians would make, or what time the contest might come to a close.

Medcraft, the young rangy twirler who established himself so well with his fans by his classy box work several weeks ago when he held Niles to 14 to 11 in a game, started wrong Sunday and was relieved in the 2d inning when it was apparent that he was unable to get any past the local batters, and took up the duties, finally giving way to Esola, neither of which had enough to fool their opponents. There were no individual features, the entire team team playing well and hitting the ball to all corners of the lot.

Next Sunday the Indians will go to Agnew to play.

Score:—

Niles Essanay Indians, 20	A.E.R.H.P.O.A.C.

TO WHOM IT MAY CONCERN:

Notice is hereby given that the undersigned has agreed to sell, and will sell its entire business, situate in the Town of Niles, County of Alameda, State of California, which business consists of a laundry business and is known by and conducted under the name of the INTERURBAN LAUNDRY COMPANY, and that the name of the owner of said laundry business is the INTERURBAN LAUNDRY COMPANY, whose address is Niles, California, and that the name and address of the intended vendee is H. G. STRATTON, whose post office address is Niles, California, and that the said property will be sold and conveyed to said H. G. STRATTON on Friday the 5th day of November, 1915, at the laundry office of said INTERURBAN COMPANY, at Niles, California, at the hour of 10 o'clock A. M. of said day, when and where the purchase price of said property will be paid to said vendor in lawful money of the United States.

(SEAL) INTERURBAN LAUNDRY COMPANY,

By D. B. Greenwood, Pres.

State of California ss

County of Alameda ss

On this 29th day of October in the year of our Lord One Thousand Nine Hundred and Fifteen before me EDW. A. ELLSWORTH a Notary Public in and for the County of Alameda, State

Washington Township, 1915

Manager, Washington Press;

Niles, California,

Dear Sir:—

Please enter my name as a member of the "1000 Club" and

send me full details as to the rules of the Club, commissions

paid, etc.

It is understood that you will help me in every way possible

and that, whether I succeed in winning one of the prizes or not, I

am to receive my full commission on every subscriber.

Yours very truly,

Name.....

Address.....

No.....

lan, Breslaue; sacrifice hits, Rodgers, Fries, Breslaue; sacrifice fly, Whitemeyer; stolen bases, Esola, Rodgers, Fries (3), Dolan, Perry, Kennedy, Handley, Medcraft; struck out, by Dolan (8), Maloney (3); base on balls, Maloney (1); double plays, Esola to Perry to Robinson, Perry to Esola.

ESSANAY INDIANS GO TO AGNEW

The local fans will have an opportunity to be amused elsewhere than Sullivan Park Sunday as the Indians will journey over to Agnew to play the Hospital Club of that place. Agnew has recently secured the services of Koen, a professional pitcher from one of the Eastern Leagues and from his few games twirled appears that the Essanay Club is stacking up against a stiff proposition. The Agnew team has defeated Stanford, and a number of Frisco's fastest semipro teams.

The Indians will leave here in machines about 11:30 and a good crowd of followers should also make the trip which promises to be a very pleasant one, since the management of the institution has promised to extend every courtesy to us.

NOTES

It was a terrible defeat handed the Olympic boys. They were away off color.

Dolan pitched his usual steady game Sunday, letting the visitors down with two hits, striking out 8 men. Esola, Dolan and Perry led with the stick, each drawing 3 hits. Perry hit a home run, and Dolan a double and a triple while one of Esola's efforts went for 2 bases.

Every one of the Indians got one or more hits.

Rodgers played in right field in place of Burroughs, who went to Frisco on account of his mother's illness. Niles will have a real battle on their hands next Sunday when they stack up against Agnew at Agnew.

Agnew has a left-handed professional twirler who recently returned from one of the Eastern leagues. His name is Koen and is slated as a wonder.

Bert Lynn, the Salt Lake catcher, will be in the Agnew line-up. We hope

he doesn't do anything to hurt our chances of winning the game.

The Hospital authorities promise to treat the Essanay boys royally. They will have a big feed also and will be shown through the buildings. Some of them had better be on their good behavior, or they will likely not be able to return home.

Fries had a hard time earning a watermelon that was promised him for a base hit.

The locals will leave here Sunday morning about 11:00 A. M. on the Essanay auto truck. Several other cars will also make the trip.

of California, residing therein, duly commissioned and sworn, personally appeared D. B. GREENWOOD known to me to be the President of the Corporation that executed the within instrument and the officers who executed the within instrument on behalf of the Corporation therein named, and acknowledged to me that such Corporation executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my Official Seal, at my office in the County of Alameda, State of California, the day and year in this certificate first above written.

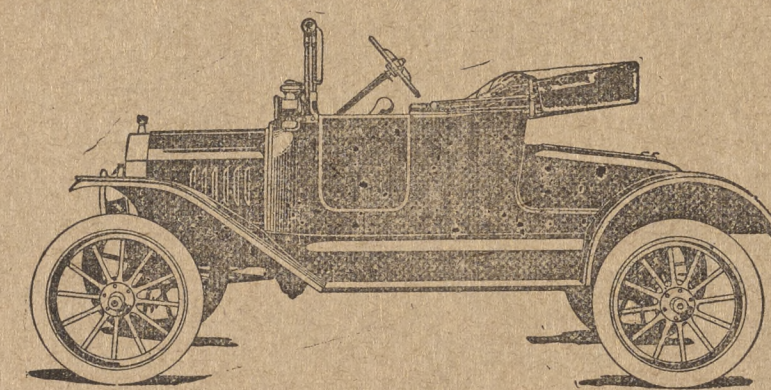

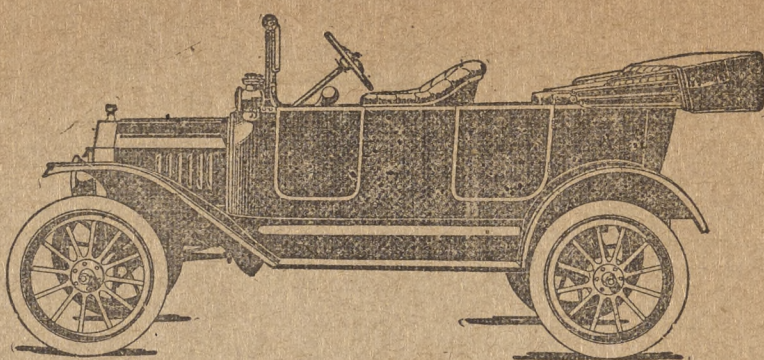

EDW. A. ELLSWORTH.

Notary Public. In and for said County of Alameda State of California.

Get the Fly Swatter Ready

A COMPUTER assures us that if food and breeding places were provided and enemies evaded the progeny of a single fly in unchecked development through twelve generations may be estimated as making a mass of flies measuring 268,778,105,861 cubic miles, or considerably more than the total size of the earth.
